Subject : The Updated List of Official Inspector Signing Health Certificate

Dear Sir,

Having regards to the **Cooperation Agreement Between Ministry of Marine Affairs and Fisheries of the Republic of Indonesia and General Administration of Quality Supervision, Inspection and Quarantine of The People's Republic of China on Safety Assurance In The Import and Export of Aquatic Products**, it is my pleasure to inform you the updated list of Regional Fish Quarantine and Inspection Agency as inspection and certification body, official inspectors signing health certificate as well as their signature specimen as enclosed to this letter.

The list was updated due to reposition of responsible staffs in some Regional Fish Quarantine Inspection Agency. The new list would be in effect on 1st February 2017 indicated by the date of Health Certificate issued.

I would greatly appreciate if you could please kindly forward this information to the Port Entry within People's Republic of China and inform us if such updated list has been accepted. I really expect that such changes could not cause any unexpected trade disruption on the export of Indonesian fishery product to China.

Thank you for your kind cooperation.

Sincerely yours,
Director General of Fish Quarantine and Inspection Agency

Dr. Rina
